JOHN W. HENRY

CHAIRMAN

John W. Henry has said that his first year of ownership of the Florida Marlins Baseball Club was the best year of his life. The statement provides ample evidence of his deep passion for the game of baseball. Furthermore, it underscores his commitment to usher the Florida Marlins into a new era under his leadership.

- since 1989, Mr. Henry has been a South Florida resident. He waited patiently for over a year before stepping up to express his interest to acquire his home team and his enthusiasm for the Marlins has grown with each season. Mr. Henry's patience and efforts were rewarded on January 13, 1999, when his purchase of the Marlins received official approval from Major League Baseball.

- Mr. Henry is dedicated to leading the Marlins organization into a new era of partnership with the South Florida community. When first presented as the club's new chairman, Mr. Henry immediately established himself as the caretaker of the franchise. He has emphasized his commitment to field a competitive ballclub, provide quality service and affordable entertainment at the ballpark, to be an active participant within the community, and to keep the Marlins in South Florida.

- he has accentuated his strong desire to build a long-standing alliance with the existing fans, to cultivate new fans as well as to work progressively with youth baseball, educational groups, charities, corporate and media partners and civic leaders.

- for the past 10 years, Mr. Henry has been involved in baseball at an ownership level. His baseball experiences have garnered him three World Series rings (1996, 1998-99) as a limited partner of the New York Yankees, a partnership he joined in 1992.

- in addition to his partnership in the Yankees, Mr. Henry was chairman and majority owner of the Class AAA Tuscon Toros of the Pacific Coast League from 1989 to 1997. Also in 1989, he formed a co-ownership of the West Palm Beach Tropics in the Senior Baseball League. The Tropics, managed by Dick Williams, posted a League-best 52-20 record and were led by Hall of Famer Rollie Fingers and former All-Stars Toby Harrah, Dave Kingman, Mickey Rivers and Al Hrabosky.

- away from the diamond, Mr. Henry is chairman of John W. Henry & Company, Inc. (JWH) which he founded in 1981. JWH is currently among the largest alternative investment firms in the world, managing foreign exchange, financial futures, and commodities for leading money center banks, brokerage firms, multi-national corporations, retirement funds, and private clients worldwide. The firm maintains offices in Boca Raton, Florida and Westport, Connecticut.

- Mr. Henry has served on the Board of Directors of the National Association of Futures Trading Advisors (NAFTA) and the Managed Futures Trade Association and has served on the Nominating Committee of the National Futures Association (NFA). Mr. Henry currently serves on the Board of Directors of the Futures Industry Association (FIA). He is a recognized leader in financial product innovation.

- born in Quincy, Illinois, Mr. Henry, 50, spent most of his childhood in Forrest City, Arkansas, where his parents owned a farm. He was a dyed-in-the-wool St. Louis Cardinals fan growing up, listening to Harry Caray on the radio, and at age nine, saw his first Major League game at Sportsman's Park in St. Louis. At age 15, he and his family moved to Apple Valley, California.

- a strong contributor to local charities, Mr. Henry supports numerous non-profit organizations.

- once a professional musician, Mr. Henry and his wife, Peggy, reside in Boca Raton with their daughter.

- he has served and continues to serve on the boards of several investment funds and is a member of the Board of Trustees of Outward Bound, a non-profit organization where he co-founded an inner-city scholarship program.
- Mr. Ginsberg received an M.B.A. from the Boston University Graduate School of Management and a B.A. from Kenyon College.
- Mr. Ginsberg splits time between his residences in Miami and Boca Raton, FL.

The Florida Marlins dedicated the club's inaugural season to Carl Barger who passed away December 9, 1992 at the Baseball Winter Meetings. Mr. Barger was the Marlins first President and Chief Operating Officer. The Marlins honored their first president by retiring number 5 (his favorite player was Joe DiMaggio) on April 5, 1993 and adding his name at the bottom of a specially designed inaugural season patch.

A Brief History of South Florida Baseball

From the earliest days of the city of Miami, baseball has been a South Florida staple. Whether as the home to numerous minor league franchises, the training site for various Major League clubs or the home of some of the finest college and high school programs in the nation, baseball and South Florida need no introduction.

Records show that Abner Doubleday, who legend credits as having invented the game of baseball, was stationed at a military base in South Florida late in his career. Although club teams were taking to makeshift diamonds in the area before the turn of the century, the first official minor league entry appeared in 1912 when the Miami Magicians entered the Class D East Florida State League and competed until the United States entered World War I. After the war, several variations of minor league clubs appeared, one which was the Miami Tourists.

On the eve of World War II, teams in the Florida East Coast League included the Miami Wahoos, the Miami Beach Flamingos, the Fort Lauderdale Tarpons and the West Palm Beach Indians. The league suspended operations in 1943 until the end of the war.

After the war, the need for a larger stadium became apparent. Jose Manuel Aleman, a former minister of education in Cuba, undertook the project. Construction began in late 1948 and Miami Stadium was opened on August 31, 1949. At the time, the 9,000-seat stadium was hailed as one of the finest and most beautiful in baseball.

By 1952, the Florida International League had risen to Class B status and included the Miami Sun Sox (managed by Pepper Martin), Miami Beach Flamingos, Fort Lauderdale Lions (who wore shorts during the 1953 season) and the West Palm Beach Indians.

The Marlins nickname made its first appearance in 1956 when the Triple A franchise from Syracuse, New York moved south and into Miami Stadium. The legendary promoter Bill Veeck was brought in to run the team and one of his first acts was to sign 50-ish hurler Satchel Paige. Paige's Marlins debut was one to remember, as Veeck arranged for a helicopter to deliver him to the mound on Opening Night.

Paige played three seasons with the Marlins, and was the starting pitcher on August 7, 1956 when baseball moved to the Orange Bowl for the first time. Thanks to pre-game festivities that included Cab Calloway and Merv Griffin, a crowd of 57,713 filled the stadium for a 6-2 victory by Paige and the Marlins over the Columbus Jets. The game raised over $30,000 for charity, but did little to build a long-term base of fans. Plagued by poor attendance and other financial problems, the AAA franchise moved to San Juan, Puerto Rico after the 1960 season.

After the Marlins departure, South Florida's professional baseball connection has been either through hosting various Major League spring training sites or through Class A Florida State League entries, including several different nicknames (Marlins, Orioles and Miracle).

In 1979, Triple A baseball made a brief return to South Florida with the Miami Amigos of the Inter-American League. The league lasted only until mid-July before financial problems brought it down. From that moment until April 5, 1993, the only professional baseball above the Class A level in South Florida was played during the spring.

Major League clubs since the days of Babe Ruth have sought refuge in the warm Florida climate while preparing for the upcoming season. At one time or another, South Florida has been the spring home of the Giants, Reds, Browns, Athletics, Yankees, Braves and Pirates and is currently the site for the Cardinals, Mets, Expos and Orioles.

But while the professional game was mostly a spring-time guest, the amateur programs became nationally prominent. At the University of Miami, Hurricanes manager Ron Fraser built over 30 years of, what many consider, the model collegiate program. Not only did the team prosper on the field, becoming a regular participant in the College World Series and winning two national championships, but Fraser proved that a collegiate program could also be successful at the gate. Armed with a never-ending series of promotions, Miami has packed in the fans at home and has become the envy of many minor league teams in the process.

At the same time, various high school and junior college programs in the state have churned out a never-ending stream of blue chip prospects and major leaguers, the results of a year-round affinity for playing the game.

South Florida's interest in baseball was further solidified by the influx of Cubans since the late 1950's. In the mid-1950's, Havana was host to a legendary Triple A entry, the Sugar Kings. Starting with Minnie Minoso, a host of Cuban players such as Cookie Rojas, Bert Campaneris, Luis Tiant and Tony Perez made their way to the major leagues and opened baseball's collective eyes to the vast wealth of talent available in the Carribean.

That tradition continues today with the play of such Cuban-American products as Rafael Palmeiro, Alex Rodriguez and Jose Canseco, who made his professional debut with the Class A Miami Marlins in 1982. Other Major Leaguers who wore a minor league Marlins uniform include Dennis Martinez, Eddie Murray and former Marlins catcher Benito Santiago. With the 1997 arrival of Alex Fernandez to the Marlins, the vastness of this area's baseball is seen with a person who played high school, collegiate and now Major League Baseball in South Florida. The same can now be said of Marlins infielder Mike Lowell, a hometown product playing for the local Major League team.

Since the Florida Marlins came to the area in 1993, Major League Baseball no longer heads north for the summer. Now, the baseball fans of South Florida can experience first-hand what they have long coveted, a big league team of their own.

1997 WORLD SERIES

The Marlins became the first Wild Card team to win a World Series, as they came from behind to claim eight of their 11 post-season victories including Edgar Renteria's 11th inning, two-out single in Game 7, his second game-ender of the Post Season and Florida's 29th win of the season in their final at bat. It marked just the third Game 7 in Series history to go extra innings. Charles Johnson led the Marlins with 10 hits including a pair of three-hit games, while Livan Hernandez became the second rookie to win the Series MVP award and the first rookie pitcher in 50 years to win two World Series starts. In Game 3, Florida became just the second team in Series history to score seven runs in the ninth inning. In Game 4, the Marlins played in 15-degree wind chill, the coldest World Series game ever played. The Pro Player Stadium crowd of 67,498 in Game 6 was the largest to see a World Series game since 1954. The 403,617 fans that attended the Series was the second-highest total ever, while Florida became the first team ever to draw over 500,000 in a single Post Season.

1999 ORGANIZATIONAL PITCHER OF THE YEAR: Portland lefthander Michael Tejera was named the Marlins 1999 Organizational Pitcher of the Year, based primarily on his sterling 13-4 record in 25 starts for Portland in 1999. Tejera finished second in the Eastern League in ERA (2.62), third in strikeouts (152) and fourth in wins. He led all Florida minor leaguers with 157 strikeouts while finishing second with a 3.13 ERA, 13 wins and 163.2 innings pitched. Tejera went on to make two starts at AAA Calgary (0-2, 12.00 ERA) and pitch in two games for the Major League club (0-0, 4.97 ERA) after being called up on September 7. He was selected to play in the AA All-Star Game in July and was named to the Eastern League's Post Season All-Star Team as the starting left-handed pitcher.

SEA DOGS HONORED: The Portland Sea Dogs captured the 1999 Bob Freitas Award, awarded annually by *Baseball America* to recognize sustained excellence in all aspects of the operation, including success at the gate, on the field and the high caliber of front office personnel. The Sea Dogs were recognized in part for winning three Northern Division titles and attracting over 2.4 million fans over their six-year existence.

PORTLAND'S HOME RUN KING: Sea Dogs first baseman-designated hitter Chris Norton hit a Portland-record 38 home runs in 1999, coming within three home runs of tying the Eastern League record of 41, set by Ken Strong in 1930 and Rick Lancellotti in 1979. Norton's 38 home runs also set a Marlins minor league record, surpassing the 35 hit by Brian Daubach in AAA in 1998. Norton earned his first Eastern League All-Star appearance in 1999. He hit .291 with 25 doubles and 97 RBI and was named the Eastern League's Player of the Week July 5-11 (.400 BA, 5 HR's, 11 RBI).

THREE'S A CHARM: Portland centerfielder Julio Ramirez joined Norton and Tejera on the Eastern League's season-ending All-Star team, marking the third time in as many years that Ramirez was named to an All-Star squad. Ramirez was selected in the Florida State League in 1998 and the Midwest League in 1997. Ramirez led the league with 64 stolen bases and led the Sea Dogs with 148 hits, 30 doubles and 10 triples and ranked third with 13 home runs and 64 RBI. Ramirez's 64 stolen bases not only led the Eastern League but also set a Portland team record, besting the mark formerly held by Marlins second baseman Luis Castillo, who swiped 51 bases for Portland in 1996.

PENNY FROM HEAVEN: Making his first appearance in the Marlins organization after being acquired from the Diamondbacks, righthander Brad Penny teamed with lefty Luis Arroyo to pitch the first no-hitter in Portland history in a 3-0 win over Trenton on August 8. Penny pitched six hitless innings, walking four and striking out five.

Player Development Recap

BASEBALL AMERICA CITES FLORIDA FARMHANDS: Several Marlins farmhands were named as Top 10 Minor League prospects by *Baseball America*. Outfielder Chip Ambres, who was called up from the Gulf Coast League to Class A Utica this summer, was named the No. 1 prospect in the Rookie Leagues and the No. 4 prospect in the New York-Penn League. Utica righthanded pitcher Terry Byron was named the No. 2 prospect in the New York Penn-League, righthander Brad Penny was named the No. 5 prospect in the Texas League and Portland outfielder Julio Ramirez was named the No. 7 prospect in the Eastern League.

ROSKOS AND TEJERA ORGANIZATIONAL PLAYER & PITCHER OF THE YEAR: The Marlins selected infielder/outfielder John Roskos as the 1999 Organizational Player of the Year and lefthanded pitcher Michael Tejera as the 1999 Organizational Pitcher of the Year. In 134 games at AAA Calgary, Roskos hit .320 and led the club with 24 home runs and 90 RBI. His batting average led all Florida farmhands and he finished second in the organization in home runs and third in RBI. He led the Pacific Coast League with 44 doubles and 68 extra base hits, while finishing second with 162 hits. In 25 starts at AA Portland, Tejera was 13-4 with a 2.62 ERA. He finished second in the Eastern League in ERA, third with 152 strikeouts and fourth in wins. Tejera also made two starts at AA Calgary (0-2, 12.00 ERA) and appeared in three games (one start) at the Major League level (0-0, 11.37 ERA).

RENTERIA, ELJAUA & GARCIA CAPTURE AWARDS: The Marlins awarded Rick Renteria with the Carl Barger Award as the organization's top member in Player Development, Louie Eljaua earned the Birdie Tebbets Award as the top scout and Miguel Garcia won the Angel Vasquez Award as the top member in Latin American Operations. Renteria served as manager of the Kane County Cougars in 1999, leading the Cougars to a 78-59 mark, the best overall record in the Midwest League. Renteria was selected by *Baseball America* as the top managerial prospect in the Midwest League in a vote taken among league managers and coaches. Renteria will manage Class AA Portland in 2000. Eljaua covers South Florida and Latin America for the Marlins, in addition to serving as the coordinator for Latin American scouting. This past year, Eljaua scouted and signed pitchers Terence Byron and Todd Moser, both of whom were top pitchers in the New York-Penn League, as well as playing an integral part in the signing of 16-year-old Venezuelan infielder Miguel Cabrera. Garcia captured the Latin American award for the second consecutive year. He is responsible for supervising the Marlins scouting and player development efforts in Venezuela, including overseeing the growth of the Marlins Venezuela Summer League program.

General Information

Media Information

CREDENTIAL APPLICATIONS: All news media will be asked to submit a written request for Florida Marlins media credentials on their official letterhead. All requests for season credentials must be received by Monday, March 13, 2000.

SEASON CREDENTIALS: Season credentials will be issued only to those legitimate newsgathering organizations who plan to cover the Marlins on a daily basis. Credentials will be issued only to members of the working press 18 years of age and older. **No spouses, guests or children** of members of the press will be issued credentials. Press passes are **not transferable.** Credentialed members of the media are prohibited from obtaining autographs or equipment on the playing field, in the dugout or clubhouse. Any violation of these guidelines will result in immediate revocation of credential and future access. Only credentials issued by the Florida Marlins, the National League or the BBWAA will be honored. Credentials must be visible at all times.

DAILY CREDENTIALS: Daily credentials will be issued to those legitimate newsgathering organizations who do not qualify for season credentials. Any organization who anticipates the need for daily credentials must have a letter on file with the Florida Marlins Media Relations Department. Requests may be sent via FAX or mail, but those requests must be received at least 48 hours in advance of the game(s) requested. Daily credentials are subject to the same restrictions as season credentials and any violation will result in revocation of the credential and any future access.

PHOTO CREDENTIALS: Credentials will be issued to those photographers on assignment for legitimate newsgathering organizations and those representatives of companies licensed by Major League Baseball. Photographers for licensees will only be granted daily passes. Priority in all areas will be granted to news organizations on nightly deadlines. No freelance photographers will be granted credentials and all photographs taken are to be used for newsgathering purposes or officially licensed products. Any other use of photographs taken will be considered a violation of the conditions under which the credential is issued and result in no further credentials being issued.

CLUBHOUSE ACCESS: Access to the Florida Marlins clubhouse both before and after games will be limited to those organizations who are filing stories on a daily deadline. Clubhouse access will be granted to all media when special situations arise, as determined by the Marlins Media Relations Department. The clubhouse is open to all media with proper credentials 3 1/2 hours before game time and then closes 45 minutes prior to the start of each game. It re-opens no later than 10 minutes after each game. Policies regarding access between games of doubleheaders and during rain delays will be determined by the Marlins Field Manager. Access to the visiting clubhouse is subject to the visiting club's guidelines.

FIELD ACCESS: All credentialed members of the media will be given access to the playing field prior to each game. No media will be allowed in fair territory or beyond the first and third base bags. All non-uniformed personnel must clear the field at the conclusion of visitors batting practice unless that individual has credentials expressly for in-game field privileges (photo passes, pre-game ceremonies, etc.). Live shots are permitted on the field until 35 minutes prior to the first pitch.

LIVE TRANSMISSIONS: Television and radio stations not holding broadcast rights for Marlins games will be allowed to transmit live reports prior to and after Marlins games. All live television shots will be done on the field. No live shots will be permitted from the clubhouses. No live transmissions inside the stadium by non-rightsholders will be permitted while the rightsholder is on the air or the game is in progress. Radio stations will be permitted to provide "scene setters" and score updates between innings but these reports may not continue once an inning is underway. Any violations of these policies will result in revocation of credentials.

ROVING CAMERAS: Roving cameras are permitted in Pro Player Stadium for Marlins games upon approval from the Marlins Media Relations Department. After permission is granted, cameras are permitted to roam in all public areas other than the Club (Blue) level and the Picnic Area. Specific requests must be made before access to the Picnic Area will be granted. While roving, all photographers must not block any aisles or the

views of any fans. Failure to adhere to these guidelines will result in the revocation of roving privileges for both the individual photographer and for the news organization that photographer represents.

ADMISSION TO PRO PLAYER STADIUM: All media covering Marlins baseball may enter Pro Player Stadium through Gate H which opens four hours prior to game time. Media may pick up their credentials at Gate H Will Call beginning at 5:00 p.m. Media who require their credentials prior to 5:00 p.m. may do so at Marlins reception at Gate G.

PRESS BOX AND PRESS LOUNGE: Admission to the Pro Player Stadium press box will be limited to those individuals with appropriate credentials. These include: Marlins season and single-game credentials, BBWAA cards, National League Working Press, Radio and Photographer passes and scouts with appropriate identification. Meals will be provided to those individuals with the proper credentials at a cost of $7.00 per person in the Press Lounge (located directly behind the Press Box) from 2 1/2 hours before game time through the third inning of each game. The Press Lounge area is considered a part of the working press area and only individuals with proper working credentials will be admitted at all times. No guests will be permitted.

AUTOGRAPH REQUESTS: As noted earlier, no members of the media may use their access to solicit autographs or equipment from players or staff of either participating team. Any autograph needs should be directed to the Players Relations Assistant. Failure to do so will result in revocation of credential privileges and forfeiture of any items obtained.

AC Joint - Acromioclavicular joint; joint of the shoulder where acromion process of the scapula and the distal end of the clavicle meet; most shoulder separations occur at this point.

Abscess - An infection which produces pus; can be the result of a blister, callus, penetrating wound or laceration.

Anterior Cruciate Ligament (ACL) - A primary stabilizing ligament within the center of the knee joint that prevents hyperextension and excessive rotation of the joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.

Anterior Talofibular Ligament - A ligament of the ankle that connects the fibula (later ankle bone) to the talus. This ligament is oft times subject to sprain.

Arthroscopy - A surgical examination of the internal structures of a joint by means of viewing through an arthroscope. An arthoscopic procedure can be used to remove or repair damaged tissue or as a diagnostic procedure in order to inspect the extent of any damage or confirm a diagnosis.

Cervical Vertebrae - Group of seven vertebrae located in the neck.

Debridement - Removal of non-healthy tissues and foreign material from a wound or burn to prevent infection and permit healing.

Femur - Thigh bone; longest bone in the body.

Fibula - Smaller of the two bones in the lower leg; runs from knee to the ankle along the outside of the lower leg.

Grade One Injury - A mild injury in which ligament, tendon, or other musculoskeletal tissue may have been stretched or contused, but not torn or otherwise disrupted.

Grade Two Injury - A moderate injury when musculoskeletal tissue has been partially, but not totally torn which causes appreciable limitation in function of the injured tissue.

Grade Three Injury - A severe injury in which tissue has been significantly, and in some cases totally, torn or otherwise disrupted causing a virtual total loss of function.

Humerus - Bone of the upper arm that runs from the shoulder to the elbow.

Lateral Collateral Ligament (LCL) - Ligament of the knee along the lateral aspect that connects the femur to the fibula. It provides lateral stability to the joint.

Meniscus - Crescent shaped cartilage, usually pertaining to the knee joint; also known as "cartilage." There are two menisci in the knee, medical and lateral. These work to absorb weight within the knee and provide stability.

Metacarpals - Five long bones of the hand, running from the wrist to the fingers.

Metatarsals - Five long bones of the foot, running from the ankle to the toes.

Patella - The kneecap. The patella functions to protect the distal end of the femur as well as increase the mechanical advantage and force generating capacities of the quadriceps muscle group.

Posterior Cruciate Ligament (PCL) - A primary stabilizing ligament of the knee that provides significant stability and prevents displacement of the tibia backward within the knee joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.

Rotator Cuff - Comprised of four muscles in the shoulder area that can be irritated by overuse. The muscles are the supraspinatus (most commonly injured), infraspinatus, teres minor and subscapularis.

Rotator Cuff Impingement Syndrome - A microtrauma or overuse injury caused by stress. The four stages are: 1) tendentious with temporary thickening of the bursa and rotator cuff, 2) fiber dissociation in the tendon with a permanent thickening of the bursa and scar formation, 3) a partial rotator cuff tear of less than 1 cm, 4) a complete tear of 1 cm or more.

Shin Splint - A catch-all syndrome describing pain in the shin that is not a fracture or tumor and cannot be defined otherwise.

Sprain - Injury resulting from the stretch or twist of the joint and causes various degrees of stretch or tear of a ligament or other soft tissue at the joint.

Stress Fracture - A hair-line type of break in a bone caused by overuse.

Tarsals - Group of six bones of the foot consisting of the calnavicular, talus, cuboid and three cuneiform bones.

Tendinitis - Inflammation of the tendon and/or tendon sheath, caused by chronic overuse or sudden injury.

If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the lead when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity. This method has been a part of the Rolaids formula since 1988.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:
Six years of Major League Service continues to be required to be eligible for free agency.
The Re-Entry Draft has been abolished.
A player has 15 days from the first day following the World Series to file for free agency.
By December 7, former club must offer to arbitrate or becomes eligible to sign player. By December 19, player must accept offer or on January 9 former club becomes ineligible to sign the player. (Ineligible club retains eligibility the following May 1.)

A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

SALARY ARBITRATION: Beginning in 1987, three years Major League Service required for eligibility.

1) If the assignment is to another major league club: From August 1 and ending at 5 pm EDT the day after the end of the season.
2) If assignment is to a minor league club, with right of recall, at any time after three years from the date the player first reported to a major league club during a championship season.
3) If assigned to a minor league club without right of recall, after acquiring three years of service: At any time during the year.
4) If assigned to a minor league club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between September 1 and the opening of the following season. COMMUNITY AFFAIRS PHILOSOPHY

The Florida Marlins Community Affairs Department supports the club's mission of being an active partner in the South Florida community. Our partnership with community and charitable causes shows our commitment to be a responsible and civic-minded member of the community.

Through community activities, the Marlins reach beyond the walls of Pro Player Stadium to meet face-to-face with our fans of all ages. Baseball is a family game, and we are committed to making sure that the Marlins organization impacts every member of our diverse South Florida family in a positive manner.

The catalyst may be a player signing an autograph or a hug from Billy the Marlin. A few pointers from a major leaguer may make a difference for a teenager trying to make his high school team or a child in her first year of organized baseball. A microscope in a fifth-grade class may be the spark that ignites the passion to learn and prevents an at-risk child from dropping out. We are committed to building a brighter future for South Florida.

CORNERSTONES FOR KIDS

Building a brighter future through education and baseball

The foundation of every child's future is a strong mind and a strong body. Cornerstones for Kids provides the tools for our children to develop both their minds and their bodies in a positive way.

EDUCATION

World of Baseball

World of Baseball is a curriculum enhancement program developed by local educators. Currently implemented in Miami-Dade, Broward and Palm Beach Counties, the program uses baseball to make learning a fun, exciting and fulfilling experience. The unique design of the program provides an opportunity for teaching a full range of subjects, from math to geography, to students at all levels from kindergarten through high school. As part of World of Baseball, the Marlins designate one week in May as World of Baseball Week. Marlins players, coaches and broadcasters will visit approximately 40 schools during the week of May 8. In addition, each school receives 500 tickets to an upcoming Marlins home game.

Adopt-A-Classroom

Adopt-A-Classroom is a not-for-profit organization that matches businesses and individuals with inner-city schools. The teacher in the "adopted" classroom is given $500 to purchase items that will make learning fun and exciting for his or her classroom. As many items are used year after year, the cumulative effect of donations grows with each new group of students.

BASEBALL

Youth Clinics

There is nothing our players and coaches enjoy more than to teach kids about baseball. In order to give children the opportunity to learn baseball from professionals, the Marlins conduct clinics Saturday mornings when the team is home. Marlins Infield Coach Tony Taylor leads the clinics and is assisted by Marlins players and coaches. Additionally, the Marlins have teamed with the National Alliance for Youth Sports to provide coaches clinics for local youth coaches.

Youth Tournament

This summer, the Marlins will hold the inaugural Florida Marlins-Josh Beckett Youth Baseball Tournament. The week-long tournament for 12 & under youth baseball teams will be held at the Kendall Boys & Girls Club. Approximately 500 children are expected to participate.

MAJOR LEAGUE BASEBALL PROGRAMS

Reviving Baseball in Inner Cities

Reviving Baseball in Inner Cities (RBI) is a youth program offering children ages 13-18 who live in disadvantaged areas the opportunity to participate in organized baseball and softball. This program is designed to promote interest in

baseball, academic achievement and social responsibility. The Florida Marlins and Gatorade supply uniforms, umpires and equipment for more than 400 children. Two Marlins all-star teams have won the RBI World Series. In 1997, the Boys Junior team brought home the first place trophy, and in 1999, the Girls Softball team captured the crown.

Diamond Skills

Diamond Skills is a skills competition that focuses on three fundamental baseball skills: batting, fielding/throwing and base running. The competition helps children ages 7-14 focus on becoming better all-around players. The Marlins host the South Florida championship, which helps determine who will compete in the national finals at the All-Star Game. Last year, Nick Hernandez, from Hialeah, was crowned the national champion in the 9-10 year-old division based on his performance in Boston.

COMMUNITY OUTREACH

Ballpark Buddies/Corporate Partners for Youth

Marlins players and sponsors partner to provide tickets to every home game to local community groups. Last season, over 35,000 children attended Marlins games through this program.

Player Appearances

Marlins players make various community visits throughout the year. Visits to schools, hospitals, youth centers and local businesses give the players the opportunity to interact with our fans outside the stadium.

Speakers Bureau

Since the inaugural season, Marlins front office personnel have spoken at various schools, businesses and civic organizations throughout South Florida.The Bureau's mission is to provide information about baseball in general, and the Marlins, in particular, to our fans. Meeting with local groups also allows the front office to receive feedback directly from the community.

Fan Mail

Local volunteers sort through the hundreds of letters the Marlins receive each week. Letters addressed to an individual player are delivered directly to the player. Volunteers send a Marlins Fan Pack to fans with generic requests.

FLORIDA MARLINS COMMUNITY FOUNDATION

The Florida Marlins Community Foundation was established in 1999 following the purchase of the Florida Marlins Baseball Club by John W. Henry. Chairman Henry selected the Foundation's name, which emphasizes his commitment to the South Florida Community.

The purpose of this not-for-profit charitable organization is to promote educational, athletic, health, social, and community service programs with a particular focus on South Florida's youth.

Bank of America is the title sponsor of the Bank of America Marlins FanFest and Dinner on the Diamond, both of which help raise money for the Community Foundation. The Saturday Night Raffles and the Celebration Club provide funds through game-day activities. The Lucent Technologies Marlins Invitational raised more than $90,000 at the end of the 1999 season. Players such as Cliff Floyd and Josh Beckett have also given sizable donations.

The monies raised during the 2000 season will support the Cornerstones for Kids program. The funding for youth baseball programs such as RBI and the Florida Marlins-Josh Beckett Youth Baseball Tournament are supported by the Foundation. Educational programs, such as Adopt-A- Classroom and the Florida Marlins Scholars, also benefit from the monies raised.

With a staff that is fluent in both Spanish and English, the Marlins serve the Hispanic community by offering general information, ticket sales, and merchandise as well as hosting events throughout the season.

"Hablando con Los Marlins"

"Hablando con los Marlins" is a weekly radio show about the Marlins on WQBA 1140AM. The show will be broadcast live from the Marlins en Miami store every Saturday afternoon from 2-4 pm throughout the season.

BASEBALL RENOVATIONS

In order to accommodate Major League baseball, the stadium underwent a series of renovations.

- in 1999, fans on the 100 level were treated to brand new concession stands which offer efficient and convenient service... the 400 level had new concession stands installed in 1998.

- conversion included the installation of retractable seating on the north side of the stadium and the construction of the baseball press box in the south west corner of the facility... baseball dugouts were added in addition to 660 new lights for suitable night play.

- the renovation also included an electric disappearing pitcher's mound... the stadium also features a synthetic warning track designed to absorb water... clubhouses and other amenities were added for baseball, including the Batters Box lounge located behind home plate and adjacent to the Marlins clubhouse.

Stadium Renovations

Pro Player is one of the few stadiums to boast two JumboTRON video boards. In 1996, a new 26' x 37' color video screen was installed in the west end zone, while just prior to Super Bowl XXIX, the stadium's east board was replaced with a new one measuring 30' x 40'.

• A new state-of-the-art Prescription Athletic Turf (PAT) system is now in place. Installed for the 1995 season, the mechanical drainage system can handle five times the water of the old system.

• SportsTown, an entertainment complex located on the south side of the stadium between Gates F and H, consists of two 7,500 square foot tents, 10 interactive games, six distinctive food stands and two large bars. In addition, the complex includes eight 32" color TV monitors, radio broadcast and entertainment stages, along with a state-of-the-art sound system, novelty and souvenir merchandise kiosks and a Guest Service/Ticket kiosk.

• Many new parking renovations and access improvements have been made, including expanded permit parking for suite patrons and season ticket holders. A new RV and limosine parking lot has been created along with easier-to-read signage. Over the past 12 months, the stadium has added an additional 7,500 parking spots.

• A new flooring system, called Neogard, was installed on the 100 and 400 level concourses. The system is a waterproof, heavy duty, slip resistant surface that is also aesthetically appealing... in addition the 100 and 400 concourses have been painted to create a cleaner, brighter atmosphere.

The Florida Marlins begin their seventh season at the state-of-the-art Space Coast Stadium and eighth Spring Training camp overall. The Marlins conducted their inaugural Spring Training in 1993 at Cocoa Expo. Space Coast Stadium is the 7,200 seat centerpiece of the Marlins Brevard County operation. In the spring, it houses offices for the Marlins Major League staff, clubhouses for both the Marlins and visiting teams, in addition to media work and dining areas. After the Major League club breaks camp at the end of March, the stadium becomes home to the Brevard County Manatees (A) of the Florida State League, Gulf Coast Rookie League Marlins, Instructional League and the Marlins fantasy camp. In addition to the 7,200 permanent seats, Space Coast Stadium also features 11 luxury suites located on the press level and a grass-covered berm beyond the left field fence that will serve as additional general admission seating.

Pitchers and catchers first workout is slated for February 21 at the Carl Barger Baseball Complex at Viera. The complex opened in time for the Marlins first Spring Training camp in 1993 and the Marlins will utilize the complex for the first 10 days of training camp before moving to the stadium just prior to the start of the Grapefruit League season.

The Carl Barger Baseball Complex was designed by the firm of Lescher and Mahoney, while Space Coast Stadium was designed by the firm of L.D. Astorino & Associates, Ltd. Both projects were constructed by Miorelli Engineering.

Offices for the Marlins Media Relations Department and the Media Workroom are located at the stadium. The workroom is directly behind the seating area of the Press Box, located on the third level of the stadium. The Press Dining area, which will be open prior to the start of each exhibition game, is located on the first base side of the stadium on the concourse level. Admission to the dining area is either a Major League Spring Training credential, a BBWAA card or a Marlins spring season pass or daily credential.
